

MD Anderson Cancer Center Selects LoneStar Delivery & Process to provide “Seamless Service” to new Outreach Treatment Centers in the Houston Area

Houston, TX July, 2007

LoneStar Delivery & Process has been selected by **MD Anderson Cancer Treatment Centers** to provide what is being heralded as “Seamless Service” to its newest addition, a fully staffed Outreach Treatment Center in the Clear Lake Area of Houston. The Outreach Center, a Multi Million dollar project for MD Anderson, provides a full array of services, to include Laboratory, Blood Donor, Chemotherapy Treatment, Pharmacy and medical screening and appointment services. Previously, patients who wanted the care and services of one of the country's most prestigious Cancer Treatment Centers had to make the 30 mile journey and fight traffic to get to the Texas Medical Center.

“ With the development of this outreach center, and our Medical Transport Specialists providing the vital link to the main hospital for all essentials- a patient here will receive the same level of care as if they were to make the trip to the Hospital” **Said Chris Kurzadkowski, Owner of LoneStar Delivery & Process**, at the opening of the facility this month

This Facility is the first of its kind, and eventually there will be several others added throughout the Houston Area, all of them to be designed to fully accommodate every patient's needs. **LoneStar Delivery & Process** “Engineered” a custom delivery solution to meet the needs of MD Anderson- creating stops, schedules, service transport requirements, procedures and set the standards to properly service the demand of patients and medical staff.

Service stops at all of the clinics in the Outreach center are done several times per day, with reciprocal stops being done at the clinics counterparts, located throughout the Medical Center. Drivers serve as Mobile Medical Assistants, making sure that each clinic is serviced with their particular needs

Take a look at what **LoneStar Delivery & Process** has to offer to your Legal, Medical, Professional or High Tech business. With a variety of services and the training, technology and experience to insure performance, you'll soon see why hundreds of companies in the Houston/Galveston Metro area choose LoneStar time and again to deliver for them.

Should you have any questions, please do not hesitate to call.
